SUMMARY

Motivated IT enthusiast with a strong foundation in software development and modern technologies. Passionate about building efficient and scalable applications using JavaScript, TypeScript, React, Node.js, and databases. Focused on Web Development and DevOps, with a strong interest in Machine Learning for future growth.

EXPERIENCE

Web Development Intern (Project-Based)

Personal / Academic Projects

2023 - Present | Dhulikhel, Nepal

- Built full-stack web apps using React.js on the frontend and Node.js on the backend.
- Designed and managed PostgreSQL and MongoDB databases for various project use cases.
- Implemented CI/CD pipelines and containerised applications using Docker and Kubernetes.
- Collaborated in team-driven projects, improving software quality and communication.

IT Student — Diploma in Information Technology

Nepal Banepa Polytechnic Institute (NBPI)

2022 - Present | Banepa, Nepal

- Studying core software development: OOP, data structures and algorithms.
- Gained hands-on experience in JavaScript, TypeScript, React, and Node.js.
- Developed strong problem-solving and critical thinking skills through coursework.
